Fact Sheet
Red Lion 2016

red lion®

Overview	As the global experts in communication, monitoring and control for industrial automation and networking, Red Lion Controls has been delivering innovative solutions to customers for over forty years. Red Lion is a part of Spectris plc.
Founded	1972
Headquarters	York, Pennsylvania
Offices	More than 15 offices across the Americas, Asia-Pacific and Europe
Employees	Over 400 worldwide
Website	www.redlion.net
Products	Industrial Automation PID Controllers; Data Acquisition; RTUs & I/O Modules; Signal Conditioners; Sensors; HMI Operator Panels; Panel Meters; Large LED Displays; Visual Management Industrial Networking Ethernet Switches; Wi-Fi Radios; Cellular M2M, Routers & RTUs; Protocol, Media & Serial Converters
Parent Company	Spectris (London Stock Exchange: SXS)
Acquisitions	Sixnet: industrial Ethernet switch, cellular M2M and automation provider (2011) N-Tron: industrial Ethernet switch and wireless provider (2010) Paradigm Controls: operator interface panel provider (1996)
Partners	Extensive network of more than 1,000 distributors worldwide

Markets

Automotive	Oil & Gas
Food & Beverage	Water & Wastewater
Packaging	Power & Utilities
Electronics	Transportation
Aerospace	Alternative Energy
Plastics	Mining
Security	Maritime

Automation World First Team Supplier, HMI Hardware (2013-2016)
*Automation World* First Team Supplier, Data Acquisition Hardware (2011-2016)
Automation World First Team Supplier, Networking Components - Wired (2014-2016)
Automation World First Team Supplier, Networking Components - Ethernet (2011-2013)
Automation World First Team Supplier, Networking Components - Wireless (2011, 2016)

CA168 "2012-2013 China Annual Most Popular Product," NT24k™ (2012-2013)
CA168 "2012-2013 Annual Most Growth Potential Brand" (2012-2013)
CA168 Most Competitive Product, Shanghai Industrial Automation Show (IAS),
 ProducTVity Station (2012)
China Automation Industry "Top Ten New Outstanding Enterprises" (2013)
China Automation Industry "Top Ten Most Influential Projects" (2012)

Control Design Magazine Readers' Choice Awards, Panel Displays (2001-2016)

Control Engineering China Best Product Award of the Year, HMI Operator Interface, Graphite® (2014-2016)
Control Engineering China Best Product Award of the Year, Bus and Ethernet, NT24k (2015)
Control Engineering China Best Product Award of the Year, Networking Communications, NT24k (2013)
Control Engineering China Editor's Choice Award, ProducTVity Station (2012)
Control Engineering China Editor's Choice Award, Crimson® 3.0 Software (2012)

Design News Golden Mousetrap for Industrial Networking Technologies,
 Automation and Control, NT24k (2013)

gongkong.com "Smart Control Award," RAM® Industrial Cellular RTU (2016)
gongkong.com "Top New Cutting-Edge Company" (2013)

Gongye360.com Plant360 Best Products of the Year, RAM® Industrial RTU (2015)

MM Automation "Classic Product Award (1996 - 2016)," NT24k (2016)
MM Automation "2015 Innovation Product of China Automation Industry Award," Graphite (2015)

Plant Engineering China Industrial Control Award, Graphite (2013)

Windpower Engineering "Wind Industry Leader" (2014)

Connect. Monitor. Control.
